OBJECTIVE

Architectural student at The Georgia Instituite of Technology in pursuit of an internship at a design orientated firm in Atlanta by utilizing exceptional design skills from all phases of work.

EDUCATION

Higher Education

2019-present
Georgia Instituite of Technology
BS.ARCH
Dean's List 19'-21'
NOMAS | AIAS
SOA Student Ambassador

2018-2019
Kennesaw State University
College of Architecture (B.ARCH)
NOMAS, AIAS
4.0 gpa | President's List

Secondary Education

2013-2017
King George Five School
(International ESF, Hong Kong) IGCSE
Distinction 8A*'s

2017-2018
North Gwinnett High School
(Suwanee, GA) Diploma+Dual Enrollment
High Honors

PROFESSIONAL SKILLS

3D Max, Blender, Vray, Lumion
Revit, Rhino, Sketchup, Autocad
Grasshopper, Kangaroo, Dynamo
Adobe Photoshop, Illustrator, Indesign
Climate Studio, Premiere, Enscape
Microsoft Office Suite, Webflow, Jython
Team Collaboration, Story-telling
Physical Modelling

LANGUAGES

English | Native
Mandarin Chinese | Business Fluent
Cantonese Chinese | Intermediate

INTERESTS

Design Build
Photography
Cinematography
Travel Sketches
Design Competitions

EXPERIENCE

01/2020-5/2020
Lab Assistant at Georgia Tech College of Design
Monitoring high quality plotting of sheets requested by design students
Ensuring smooth operation of printing lab including tech support and maintenance

08/2019-present
Associate of NOMA Georgia Tech chapter
Executive: Undergraduate Liason+ Assistant Marketing Chair
Orchestrate conceptual design, 3D+ physical modelling, program,
presentation to adress an affordable housing scheme in *FlatBush,Brooklyn*.
The Barbara G. Laurie Student Design Competition 2020 (Oakland) + 2021 (Detroit)

05/2018-07/2018
Intern at Guangdong Rui Bo Architectural Design & Research
On-job application of CAD software: Revit, AutoCAD
Collaborated with colleagues in schematic design and design development phase.

06/2021-07/2021
Participant at Perkins + Will Summer Mentorship Program
Collaborated with Mentors and Students on Design project proposal

08/2020-12/2020
Research Assistant at Shape Computation Lab
Utilize research from Shape Machine to generate and
test potential application in architectural/design domains for computational automation.
Utilized tiled.io to develop the DCC 20' digital international conference platform.

06/2021-present
Associate at Shape Machine
Head of Website Design+graphics for SAS startup.
Collaborated with various industries to test application of software.

AWARDS+COMPETITIONS

01/2020-5/2020
Honorable Mention | Volume Zero International
Moonception Architecture Competition

12/2019
Winner of Studio Section | Georgia Tech SOA
Portfolio competition

04/2020
Awarded the **Alan Salzman Memorial Scholarship**
1st Place Architecture Sophomore in Design Excellence

05/2021
Rho Chapter of the **Tau Sigma Delta Honor Society |** Recipient
https://tausigmadelta.org/about/

12/2019
Bee Breeders International Competition | Entry
Observation Tower design in Latvian Biosphere reserve

11/2020
Edinburgh Innovations Business Idea Competition | 2nd place

10/2020
The **47th Nisshin Kogyo Design Competition** | Entry
Theme: Living upon the PLAY | Architectural

10/2020
The **HK Sensor Technology** in Building Construction Competition
Troika startup: installation proposal

12/2019
CLUE Edition 05: Light & Disruption | Entry
Lighting in Crisis design competition

08/2019
Micro Housing Competition | Volume Zero International
Entry

01/2020
Zhu Hai Winery Complex Design | Entry
